Title: Customs-Trade Partnership against Terrorism (C-TPAT) and the Trusted Trader Program

OMB Number: 1651-0077

Abstract: The C-TPAT Program is designed to safeguard the world's trade industry from terrorists and smugglers by prescreening its participants. The C-TPAT Program applies to United States importers, customs brokers, consolidators, port and terminal operators, carriers, and foreign manufacturers.

Respondents apply to participate in C-TPAT using an on-line application at: <https://ctpat.cbp.dhs.gov/trade-web/index>. The C-TPAT Program application requests an applicant's contact and business information, including the number of company employees, the number of years in business, and a list of company officers. This collection of information is authorized by the SAFE Port Act (P.L.109-347).

CBP proposes to establish a collection of information for a new program known as the Trusted Trader Program. The Trusted Trader Program will involve a unification of supply chain security aspects of the current C-TPAT Program and the internal controls of the Importer Self-Assessment (ISA) Program to integrate supply chain security and trade compliance. The goals of the Trusted Trader Program are to strengthen security by

leveraging the C-TPAT supply chain requirements and validation, identify low-risk trade entities for supply chain security and trade compliance, and increase the overall efficiency of trade by segmenting risk and processing by account. This Program applies to importer participants who have satisfied C-TPAT supply chain security and trade compliance requirements. The Trusted Trader application will include questions about the following:

Name and contact information for the applicant;

Business information including business type, CBP Bond information, and number of employees;

Information about the applicant's Supply Chain Security Profile; and

Trade Compliance Profile and Operating Procedures of the applicant.

CBP is developing an on-line application for the Trusted Trader Program which will be available through the C-TPAT portal. The draft Trusted Trader Program application may be viewed at:

<http://www.cbp.gov/sites/default/files/documents/Trusted%20Trader%20Application.pdf>.

After an importer obtains Trusted Trader Program membership, the importer will be required to submit an Annual Notification Letter to CBP confirming that they are continuing to meet the requirements of the Trusted Trader Program. This letter should include: personnel changes that impact the Trusted Trader Program; organizational and procedural changes; a summary of risk assessment and self-testing results; a summary of post-entry amendments and/or disclosures made to CBP; and any importer activity changes within the last 12-month period.

Current Actions: This submission is being made to revise the current information

collection by adding the Trusted Trader Application and Annual Notification Letter. The estimated number of annual C-TPAT applicants was decreased, and the estimated time to complete the C-TPAT application was increased, in accordance with public comments received. Also, the estimated number of annual respondents associated with the Trusted Trader application and Annual Notification Letter were decreased, and the time to complete these tasks was increased, based on public comments received.
